PORTO RICO DEFIANT

Spanish Commanders Refuse to Respect the Protocol

THEY WILL BE WHIPPED INTO SUBMISSION VERY SOON

Washington, Aug. 19—Special—The anomalous condition of affairs in Porto Rico is causing much comment here. Although a protocol of peace has been signed and an armistice declared, fighting is still in progress on the island, and reports of encounters between American and Spanish troops are received daily. The fault, it is said here, lies wholly with the Spanish military commanders, who refuse to recognize the protocol or lay down their arms as ordered by the Madrid government. As long as they persist in this course it will be incumbent upon the Americans to give them battle. The conditions, however, are unexampled, and may give rise to some embarrassment to the peace commissioners.

They Are American Territory.

Washington, Aug. 19—Special—The orders issued to Gen. Merritt to prevent the occupation of Manila by the insurgents, and to recognize no joint authority there, are construed to indicate that the administration has decided upon holding that city permanently by forces of the United States. Some go so far as to say that the entire Philippine group will be occupied permanently by the United States, and that the president will not surrender any part of the territory acquired by American arms. He has, it is said, become impressed with the ambition to extend American commerce to every part of the world, and the war with Spain having given opportunities in the east that may never come to us again, he will take advantage of the situation to the full. It is safe to say that the stars and stripes will not be lowered at Manila.

The Objections to Davis.

Washington, Aug. 19—Special—It is not likely that Senator Davis' name will be withdrawn from the list of the peace commissioners by the president. The objection to the senator raised by the Madrid government—his intense anti-Spanish opinions—would lie against any other public man of character, and is not regarded as valid. The senator's peculiar fitness for the position has impressed the president greatly, and he is anxious that the country shall have the benefit of his abilities.

Casualties at Manila.

Manila, Aug. 19—Special—The latest casualties of the American forces during the attack on Manila places the number of deaths at twelve as follows: Capt. Richter, Privates Densmore, O'Neil, First California; Sergts. Cremins, Holmes, Astor battery; Privates McCann, Howell, Fourteenth regulars; Bugler Patterson, Thirteenth Minnesota; Private Phoenix, First Colorado; Private Trolen, Twenty-third regulars; Private Enfield, Third regulars; Wm. Lewis, Nebraska volunteers. A few men are missing.

Special Session of the Cortes.

Madrid, Aug. 19—Special—It is officially announced that the cortes will assemble in September for the purpose of providing the necessary authorization to the signing of the articles of peace on the part of Spain.

Will Have Plenty of Troops.

Washington, Aug. 19—Special—Gen. Lawton telegraphs from Santiago that he will have sufficient troops as soon as the Fifth regiment and the Twenty-third Kansas arrive.

Monitors For the West Indies.

Washington, Aug. 19—Special—The navy department has decided to send all single-turretted monitors to Cuba and Porto Rico for duty as permanent guardships in the chief harbors of those islands.

Hospital Ship Arrived.

New York, Aug. 19—Special—The hospital ship Relief arrived from Porto Rico today. There were fourteen deaths aboard, among the victims

being Private Bronson, of the Second Wisconsin, Corporal Campbell, of the Third Illinois, and Private Brown, of the Sixth Illinois. The Relief brought 246 sick and convalescent men from the various hospitals in Porto Rico.

On Behalf of Cochran.

Washington, Aug. 19—Special—Archbishop Ireland had an interview with the president today. Current talk connects his visit with the effort to secure Bourke Cochran's appointment on the peace commission.

To Consider Peace.

Washington, Aug. 19—Special—Spain's prompt appointment of military commissioners for Cuba and Porto Rico is taken to mean that it will hasten the evacuation of those two islands.

KICKED HER BOY ACROSS THE STREET

ASSAULT AND BATTERY CASE
AILED TODAY.

Evidence Was Not Convincing Enough and the Defendants Were Discharged—William McConnell Arrested and Case Adjourned—Patsy Griffin Goes to the Poor House.

To hear Mrs. Catherine Egan, of South Jackson street, tell it in the municipal court this morning, one would have thought that nothing short of murder was being committed on that well traveled thoroughfare Wednesday at noon. Mrs. Egan was the complaining witness in two assault and battery cases that were called this morning. The entitled action being the State of Wisconsin vs. James Fullerton and the State of Wisconsin vs. Daniel Dwyer. Warrants were sworn out yesterday charging both defendants with assaulting one Leonard Lannegan, who is the fifteen year old son of Mrs. Egan. When the case was called this morning at 10 o'clock all participants in the matinee were present and at 10:10 the fun commenced. From the evidence submitted it appears that Mr. Fullerton was paddling vegetables down Jackson street Wednesday at noon, and Dwyer was along to hold the horse while Fullerton made the rounds of his different customers. While absent from his wagon, it is alleged that the Lannegan boy threw stones at the horse. Then the Dwyer boy is alleged to have jumped all over the Lannegan boy, mopping up the street with him for a space of two blocks. By this time Fullerton appeared on the scene, and according to Mrs. Egan, he brought the drama to an end by taking her son by the neck and kicking him clear across the street. Fullerton and Dwyer, when placed on the stand this morning, proved to the satisfaction of the court that the charge was to a large extent a small boy's dream. They stated that the Lannegan boy was to blame for his action, and that they merely took him in hand and marched him home.

The court, after hearing the evidence, discharged both defendants on motion of their counsel, Attorney E. E. Ryan.

McConnell Arrested

William McConnell, of this city, who is alleged to have helped relieve Arthur Howard of his watch and chain yesterday, was before the court and pleaded not guilty to the charge of receiving and aiding in the concealment of stolen property. His case was adjourned till August 30 at 9 o'clock. George Marshall, whose name has been connected with the affair had nothing to do with it.

Goes To The Workhouse

Patsy Griffin, who has been before the court so many times that it ceases to be a joke, was up again this morning. It was the same old chestnut—vagrancy and a common drunkard. He was sentenced to the Rock county poor house for three months.

The case of Timothy McKugo vs Henry Collins was adjourned till August 22 at 9 o'clock.

WILL PICNIC AT IDLEWILE

Trinity Church and Sunday School Will Have An Outing.

Now that the summer season is coming to a close, the up-river picnics are growing in numbers. Members of the Trinity church parish and Sunday School are planning their annual outing event, and have elected Tuesday, August 23, as the date. At Idlewile Park they will make merry during the day, and will no doubt make good use of their time. The picnic will be an all-day affair, and will wind up with a river excursion in the evening. Trinity church does nothing by halves, and the coming event is looked forward to with pleasure.

Mrs. Fred Bloom, of Monticello, was the guest of Mr. and Mrs. William Funk, yesterday.

WITH MILITARY POMP

Burial of Mace Mollstad, a Beloit Soldier of the First Wisconsin Regiment.

Beloit, Wis., August 19—[Special]—The remains of Mace Mollstad of Company E, First Wisconsin volunteers, arrived from Jacksonville, Fla., Wednesday night, at 8:45. The funeral was held yesterday morning at 10 o'clock. It was one of the most imposing and impressive ceremonies ever known in Beloit, and was one with an entire patriotic community as mourners. All the factories and places of business suspended their operations while the services were going on. The funeral procession was one of the largest and most touching ever witnessed in Beloit and proceeded in the following order: Platoon of uniformed police; platoon of uniformed city fire; city band in uniform; members of the common council; shopmen of John Thompson & Sons' factory and other establishments with flag; ex-members of Co E, with flag; Grand Army veterans with flag; bereaved, bearded, and armed guard of honor from Grand Army ranks; mourners' carriage; delegation from W. B. O in charge of flowers; carriages of friends. The services were held at the Second Congregational church and only a small number of those who desired could be admitted. The services opened by the band playing "The Star Spangled Banner," after which a quartette composed of Mrs. Down, Miss Dixon, Mr. Macomber and Mr. Knowlton sang a sacred selection. Dr. T. De Witt Peake, of the M. E. Church, and a G. A. R. man, offered prayer, and gave a final patriotic funeral oration. At the cemetery, as the casket was lowered, the band played softly, "My Country 'Tis of Thee," which was very pathetic. The church was decorated with the national colors. The casket was covered with flags and flowers, and the hearse was overspread with a flag. Deceased was buried in his military uniform with a flag resting across his body. The remains were in such condition that they were viewed by the family and friends, but they were not exposed at the church. The bearers were Van Robinson, Charles Kendall, John Gabrielson, Fred Ford, Clayton Zille and George Butler. Personal friends of deceased. Lieutenant Fred Hart accompanied the remains from Jacksonville.

REBEL LEADER IS DEAD

Moarels, the Chief of the Guatemalan Revolutionaries, Dies While a Prisoner.

Washington, Aug. 19—[Special]—The state department received a telegram this morning saying Moarels, the Guatemalan revolutionary leader, was captured by the government force on the 10th, while hiding in a cave, where he had taken refuge, being very ill. An attempt was made to move him to San Marcos, but he died on the way.

HELD FOR MURDER

The Alleged Slayer of Dollie Reynolds Arraigned For Examination In the New York Court

New York, Aug. 19—[Special]—Samuel Kennedy, charged with the murder of Dollie Reynolds in the Grand Hotel, was arraigned for a preliminary examination today. It will require several days to finish the hearing. No evidence has come to light.

HORSE HAD THE LOCKJAW

Valuable Animal Had to Be Shot To Put It Out of Misery.

Dr. R. L. Brown, the veterinary surgeon, was obliged to shoot a valuable horse today, on account of the animal being afflicted with lockjaw. The steed was the property of George Cullen, who resides on Ringold street. A few days ago members of the family noticed that the horse went lame in one of its fore legs, and then it was discovered that it had a nail in its foot. The nail was at once removed, but in spite of all that could be done the animal grew gradually weaker, its illness terminating with lockjaw.

PROBLEMS OF STATE

Ignorance of Insurgents a Bar to Good Government

FORMER SPANISH SUBJECTS MUST BE EDUCATED

Washington, Aug. 19—Special—The ignorance of the natives of Cuba and the Philippines promise to be the cause of much trouble to this government. They cannot distinguish between liberty and license. The prevailing opinion among them is that release from Spanish thralldom will give them the right to plunder their old enemies at will, and any attempt to prevent them from wreaking vengeance is looked upon as an abridgement of their liberty. It will take years to educate them in the duties of citizenship, and the government will have its hands full. The prospect is not a pleasing one to the administration, but the task will be undertaken with a full determination to bring about a better condition of affairs.

Sampson's Fleet.

New York, Aug. 19—Special—Simplicity will mark the ceremonies attending the reception of Admiral Sampson's fleet. It is proposed to have the million or more patriotic citizens to do most of the welcoming. This they will do with flags, decorations and cheers. The mayor and a committee will meet the fleet at Tomkinsville tomorrow morning. The mayor will go aboard the flagship and tender the admiral an address of welcome. The guns from the local batteries stationed along the banks will fire salutes as the vessels pass up the river.

The President Can't Go.

New York, Aug. 19—Special—The president has notified the mayor of New York that he will be unable to attend the naval celebration in New York tomorrow on account of public business.

The president has decided not to attend the G. A. R. encampment.

Sailed For Spain.

Washington, Aug. 19—Special—Gen. Shafter has notified the war department this afternoon that the transport Cavadonza, with twenty-three hundred soldiers, forty-four women, and forty-five children sailed from Santiago today for Spain. Two others are loaded and will probably sail this afternoon.

A Riot at Jacksonville.

Jacksonville, Fla., Aug. 19—Special—A riot was narrowly avoided last night over the drugging of a number of soldiers in the low resorts. Soldiers badly beat a negro saloon keeper and were on the point of making a general raid on all negro saloons, but a heavy guard of soldiers prevented trouble.

Repairing Ships at Hong Kong.

Hong Kong, Aug. 19—Special—Consul Wildman today asked the Hong Kong government for permission to dock and repair the American ships now at Manila in this harbor. The consent of the British government has been secured.

Disbanding the Volunteers.

Washington, Aug. 19—Special—At today's session of the cabinet the disbandment of the volunteer army was the chief topic of discussion. A list of the regiments to be mustered out has not yet been made up.

Relieved From Military Duty.

Washington, Aug. 19—Special—Gens. Butler, Wade, Brooke and Gordon have been relieved from their present duties to go on the military commission.

No More Bonds.

Washington, Aug. 19—Special—It is officially declared that there will be no necessity for another bond issue in consequence of the war.

Troops Coming Back.

Santiago, Aug. 19—Special—The transport Miller, with the First infantry, sailed for the United States today.

UNITE NAMES AND FORTUNES

Three Weddings Celebrated in Beloit's Polite Social Circles.
Beloit, Wis., Aug. 18.—[Special]—David G. Yarnall, a manufacturer of Philadelphia, was married yesterday afternoon to Miss Florence I. Pearson, only daughter of Professor and Mrs. C. W. Pearson, only daughter of Professor and Mrs. C. W. Pearson, of Beloit college. The ceremony was performed at the home of the bride's parents, 718 Church street, Professor William Porter officiated and only the immediate friends and relatives were present. A reception followed from 3 to 5 o'clock which was largely attended. The house was beautifully decorated with cut flowers. Those who assisted in serving were the Misses Anna Chapin, Mary Porter, Car Lee Burr, Ellen Merrill, Martha Bell and Emma Bushnell.

Miss Pearson is one of Beloit's most cultured young ladies. She graduated from the Beloit High school and later from Mt. Holyoke college. After returning from college she was appointed assistant principal of the Port Byron academy. While attending Mt. Holyoke college she visited in Philadelphia, and that is where she met Mr. Yarnall. Edwin Taylor, ex-state senator of Kansas, and Aaron Taylor, of Adrian, Mich., uncles of the bride were in attendance. Mrs. Mary G. Taylor, of Adrian, Mich., the bride's grandmother, was also present.

Mr. Carlton Cornell and Miss Hattie Vandermark, were married Aug. 17 at the Methodist parsonage by Rev. Dr. Peake. Both reside in this city. Thomas Peres, Jr., and Miss Myrtle Sage, both of this city, were married at the home of the bride Wednesday evening, by Rev. Frank J. Mallott, rector of St. Paul's church. The wedding was a very quiet affair, but their many friends extend congratulations.

WEDDED IN OTHER CITIES

Two Nuptial Events of Local Interest Continuing Elsewhere.
At St. Ambrose Catholic church, in Decatur, Iowa, on Tuesday, August 10, occurred the marriage of Mae T. Halloran, of Decatur, and Patrick McQuade, of this city. The bride is the second daughter of Mr. and Mrs. M. T. Halloran, and that city has been her home nearly all of her life. She was a graduate from the Immaculate Conception academy in Decatur, in the class of '94, and her kind and loving disposition has won her many friends. The groom has resided in Janesville for the past seventeen years. For several years past he has been employed in Thoroughgood & Co's box factory, and is a faithful and trusted employee. The friends of the newly married couple trust that the future has many years of happiness in store for them.

Bailey-Rule
Chauncey H. Bailey, of this city, and Miss Minnie Rule, of Shullsburg, Wis., were married Tuesday evening at the residence of Mr. and Mrs. A. B. Hall, of De Pere, Wis. The groom is a brother of F. J. Bailey, of the firm of Bort, Bailey & Co., and is now employed as a traveling salesman. The bride was formerly a resident of Janesville, and was employed as a saleslady in E. W. Lowell's annex. Both bride and groom have hosts of friends who are congratulating them.

CLOSE BUSINESS WITH ENTHUSIASM

WISCONSIN REPUBLICANS COMPLETE THE TICKET.

Successful Candidates Make Speeches and Hold a General Love Feast—All Are Cheered to the Echo As They Eulogize the Party and Its Platform.

The closing scenes of the republican state convention were marked by the utmost good feeling. The ticket was completed by the nomination of Graham L. Rice, of Wausau, for railroad commissioner, and Emil Giljohann, of Milwaukee, for insurance commissioner.

The convention was still cheering for Giljohann when Gov. Scofield and the other nominees entered the convention hall. The committee had been unable to find Jesse Stone, L. D. Harvey or Graham Rice, but Gov. Scofield, W. H. Froelich, J. O. Davidson, R. E. Hicks and Emil Giljohann had been corralled. There was considerable applause and cheering as the governor, leaning upon the arm of T. L. Newton, of Dodge county, stepped upon the platform.

There was a burst of applause as the governor stepped forward and addressed the convention. Gov. Scofield's speech was short. He was in good voice and put considerable feeling into his remarks. His statement was loudly cheered that he would stand upon the platform not only during the campaign, but after he had been elected.

W. H. Froelich was introduced and spoke briefly. He thanked the convention for the nomination and said that he would do all in his power to bring about the success of the ticket. If elected he would fill the office to the best of his ability.

A rousing reception was given J. O. Davidson and the university boys started the well known cry "U-R-H-Rab, Wis-con-sin." "You have adopted a splendid platform," said the nominee for treasurer, "and I can stand upon every line of it. If I am elected I hope to conduct the affairs of the treasury department to your complete satisfaction and also to my own satisfaction."

The speech of E. R. Hicks stirred the convention to much enthusiasm. He said he trusted that the convention had made no mistake in its nominations, and he was sure that a rousing majority would be given the ticket.

He would be glad, in his capacity as attorney-general, to help arraign the democratic party before the bar of public opinion. All the indictments were not ready, but they were being prepared. He spoke of the action of democratic congressmen in voting against the measure to extend the right of franchise to the American soldiers who were fighting the nation's battles in the war with Spain, and how every republican had voted for it. Mr. Hicks referred to the democrats as a great array of negatives.

Emil Giljohann made a short speech of acceptance. He thanked the convention for the honor it had given him, and promised that he would be faithful to the trust, and if elected, would administer the duties of his office to the best of his ability.

VALUABLE BARN BURNED

Lightning Responsible For the Destruction of T. G. Mitchell's Property.
T. G. Mitchell, who resides west of this city near Albany, is mourning the loss of his large barn that was struck by lightning during the late storm. The flames extended to the other outbuildings which were consumed and the house was damaged some. A large amount of hay, grain, tobacco and farm implements were destroyed at a loss of \$2,000. Only a small amount of insurance was carried.

KELLY'S FAST COLT WINS

Namesake Lands the \$5,000 Queen City Stake Yesterday.

John Kelly won another victory with his namesake, Directum Kelly, at Buffalo yesterday, the \$5,000 Queen City stake going to him in straight heats. Time 2:08½, 2:10½, 2:10½. A dispatch says, "Directum Kelly's sensational mile in 2:08½ was the event of the grand circuit races today. The supporters of Mattie Patterson went to the pool boxes, insisting that she could go, and pointing to her record, two seconds better than Directum Kelly's as an evidence that she was properly a favorite. Mattie's easy victory in the first heat yesterday helped to make the pools \$100 on her to \$60 for the field, including Directum. It was said that her owner, Robert B. Matheson, of Pierre, S. D., backed her in the pools more heavily than any horse has been played in the circuit in two years. James Butler, of New York, owner of Directum Kelly, put \$1,000 on the little bay horse and in all nearly \$50,000 was up on the race. The track was in magnificent shape, although twenty-four hours before it was under water. The first heat today—the second heat of the race—showed Directum Kelly's form. It was a team race right to the head of the stretch, for Kelly and Mattie were too fast for their company. Evidently Directum Kelly's driver did not realize how fast he had gone, for when he passed under the wire he was looking back and laughing at Mattie's driver, a good length behind and tagging badly. The heat showed three seconds better than Kelly's record.

"Naturally this turned the pools in Kelly's favor, but the horses had barely reached the quarter in the third heat when Mattie Patterson's backers took heart again. Kelly broke and fell back to absolutely last. Driver Kelley picked him up and he gained on the bunch, but at the three quarters he went in the air again and the gap widened. Mattie Patterson was traveling steadily and the Big Timber was length behind. Directum's task in the distance looked so cheerily that the grand stand gave up hope.

"But Kelly pressed the game horse and a wild cheer was raised by the spectators as Directum shot out again, winding up the space between him and Mattie as if he had it on a quadruple reel. Into the stretch they came, the mare leading, as fast as she could go, but not half fast enough to beat Directum. Under the wire Directum measured half a length ahead of Mattie.

"The last heat was Directum's every inch of the way, for Mattie led to the stretch when Kelly gave the word and the little wonder whirled ahead and won by four lengths. Patterson slowed down to a walk, and Timber took second place.

This horse has now won six races without meeting a defeat, four prizes being valued at \$2,000, one at \$5,000 and one at \$10,000. Directum Kelly is undoubtedly the fastest trotter out this year, and as his driver is rated as one of the best in the world. There is every indication that the game son of game old Direct will hold the world's record before the close of the season.

SECRET OF THE SPHINX.

Probably Meant as Heraldic Record of the Annual Nile Inundation.

From the Sunday Magazine: What is the meaning of that vast human head that rises out of the gleaming sand beside the great pyramid of Ghizeh? Hewn out of the solid limestone rock, it towers above you to a height of seventy feet, and it stretches away in the form of a body of a lion to a length of 160 feet in front of you. Sculptured with consummate skill, it reposes in graceful ease on the sand. The face gazes in sublime patience and mystery into the far distance. Its features have been much mutilated by the ravages of time and many of the finer lines have been worn away by the graving tool of the winds, holding as a cutting edge the desert sand. But still the eyes preserve their ancient human look of unfathomable mystery and calm, eternal patience.

Why was the colossal figure constructed? Was it a mere caprice or was it meant to express a definite purpose? That question is involved in the meaning of its symbolic shape. The people who fashioned it we have reason to believe were astronomers as well as sculptors. They came from a land where the stars were first observed and their phenomena studied in connection with the affairs of men; where the priests watched the rising and setting of sun and stars in temples that were astronomical observatories and were oriented to certain astral movements. The event of greatest importance in Egypt has always been the annual inundation of the Nile. The whole welfare of the country has depended upon this event from time immemorial. We can imagine, therefore, how profound would be the interest manifested in everything associated with it, and especially in the signs in the heavens that indicated its approach. The two signs of the zodiac through which the sun passed at the time of this periodic flood were Leo and Virgo. May we not suppose, then, that the woman's head and the lion's body were carved in the rock in the composite figure of the Sphinx in order to represent the combination of these two constellations as a perpetual heraldic record of the annual baptism and re-suscitation of the land under the benignant influence of these auspicious stars?

IRON KNEADED LIKE DOUGH

Great Castings Squeezed Into Shape by Hydraulic Power.

One of the effects of the present war has been to arouse public interest in the great industrial establishments of the country for the manufacture of armor and metal castings used in ship and engine building, says the Philadelphia Record. The Bethlehem Iron company is one of the largest and most progressive concerns of this kind in the world. Its machinery is of the most gigantic proportion and the work performed is on a proportional scale. Open hearth steel ingots are here cast weighing 15,000 pounds and over. These are lifted by the great traveling cranes as readily as though they weighed but a few pounds each and they are squeezed in the giant press into huge pancakes as readily as though made of dough; forged into the proper shapes and finished in size with a degree of accuracy that is simply amazing, even to those who are familiar with the work, and incomprehensible to others. A few years ago this company built a giant steam hammer (the biggest in the world), the falling part of which weighed 125 tons. This was intended to forge all the ingots into shape for shafts and other purposes, but the increased size of the forgings soon outstripped the capacity of even this leviathan machine, and it became necessary to construct a much more powerful "squeezer." The new 14,000-ton hydraulic forging press has entirely superseded the 125-ton steam hammer. A pumping engine of 15,000 horse-power is required to operate the pumps for moving the pistons of this huge press when slowly squeezing an immense ingot of steel. It was found that the blows of the 125-ton hammer merely compressed the metal near the surface of the ingot and the central portions remained spongy or porous in the largest ingots. This was owing to the suddenness of the blow, but under the slow motion of the hydraulic press time is allowed for the molecules of the metal to "flow" and a uniform texture is produced throughout the section of the forging. It may not be incorrect to compare the method of working a gigantic ingot of red-hot steel to the kneading of a mass of dough by the baker. All metals are plastic under sufficient pressure, acting like rubber or dough, and they may even be made to flow exactly like a fluid through an orifice. In order to get rid of the gases or air bubbles that may be entrained or caught in the ingot while pouring, the mold, when filled with molten steel, is placed under an enormous 7,000-ton fluid compression press and the metal is subjected to squeezing until it becomes perfectly solid. An exceedingly interesting achievement of these works is the nickel-steel conning tower for the cruiser Brooklyn. Its inside diameter is nearly six and a half feet, its outside diameter is nearly nine feet, and its length is nearly ten feet; its weight when put on the car was 77,600 pounds. Among the earlier successful attempts to produce hollow, forged steel shafts of large size is the shaft for the great Ferris wheel. This shaft was forty-five feet long, nearly three feet outside diameter and it weighed 89,320 pounds.

BRAVE SON OF GEN. GOMEZ.

He is Skillful With the Machete and Very Anxious to Fight.

New York Journal: Among the Cuban volunteers gathered in the barracks at West Tampa under the command of General Emilio Nunez is a slight, though very muscular lad of 16 years, whose skillful wielding of the machete would convince the most casual observer that he came from a family of fighters.

A query secures the information that the youngster is Antonio Gomez, son of the insurgent general of that name, whose active operations in the western provinces of the island have served so much to keep the war raging. Young Gomez was born and lived for many years in Honduras. Before war was declared he was attending an agricultural college near Jacksonville, Fla. His brother Francisco was killed with General Maceo when the latter was surprised by the Spaniards. For months Antonio has been trying to reach his father. The youngster is well drilled in the use of arms, performing some astonishing movements with his machete. His skill in clipping into particular shapes cards tossed in the air has attracted many officers of the regulars to the Cuban camp.

CLEVERNESS OF THE RAVEN.

Some Entertaining Stories of Its Well-Known Sagacity.

Many stories are told of the cleverness of the raven, a bird that really seems to have reasoning powers. One of these stories tells how a raven, by a skillful stratagem, got a young hare for his dinner. It had pounced upon the little animal, but the mother hare drove it away. Then the raven slowly retreated, encouraging the mother to follow him, and even pretending that it was afraid of her. In this fashion he led her to a considerable distance from her young one, and then, suddenly, before the hare had time to realize the meaning of the trick, he rose in the air, flew swiftly back, caught the young hare in his beak and bore it away. A similar plan was adopted by some ravens that wished to steal food from a dog. They teased him till he grew so angry that he chased them from the spot, but the artful birds turned sharply round, easily reached the dish before him, and carried off the choicest bits in triumph. As to the raven's power of speech, the following story—which is given on the authority of Captain Brown, who vouches for its truth—will show how aptly it can talk. A gentleman, while traveling through a wood in the south of England, was fairly startled by hearing a shout of "Fair play, gentlemen; fair play!" uttered in loud tones. The cry being persistently repeated, the traveler thought it must proceed from some one in distress and at once began to search for him. He soon discovered two ravens fiercely attacking a third. He was so struck with the appeal of the oppressed bird that he promptly rescued him. It turned out that the victim was a tame raven belonging to a house in the neighborhood, and the cry that it had used so opportunely was one of many that it had been taught to utter.—Philadelphia Times.

TALK ON PALMISTRY

Prof. Harris, the Noted French Palmist. Writes for Gazette Readers.

So much interest has been awakened about town by PROF. HARRIS, the noted French Palmist, who is located on the 3d floor of the Wilcox Block, 61 E. Milwaukee St., that The Gazette requested the professor to send some special correspondence on the art of which he is master for benefit of its readers.

Never marry a person with a hand like this.

The Human Hand May be Divided into Five Different Classes:

The five best known types of hands are the square or useful hand, the philosophic or knotty hand, the spatulate or nervous-active type, the psychic or idealistic and the conic or artistic type.

The Square or Useful Hand.

The square hand is so called because it is square at the wrist, square at the base of the fingers, and because the fingers themselves are square; the nails are also usually short and square.

People with the square hand are orderly and punctual. They respect authority; do not rebel under discipline. They have a place for everything and everything is in its place.

They are slaves to law and order and have great respect for custom. They are determined, but not quarrelsome, and in some cases might be called stubborn. They are not imaginative, and prefer the material to the ideal. They are eminently successful in practical matters. In religion, they do not go to extremes; they are not good talkers, neither are they adaptable. They lack originality, but make up for this by great application, force of character and strength of will. They are fond of home; affectionate, but not demonstrative. They are sincere and true in promises, staunch in friendship, strong and honest in business principles. They are benevolent or generous slow to think, and in married life, would be ruled by their life partner, governed principally by affection. Their married life would be generally happy.

The Philosophic or Knotty Hand

This type of hand is generally long and angular, much developed nails on long, bony fingers. Its owners gain wisdom, rarely, if ever wealth. People with the philosophic hand are usually students of nature; they love mystery, are usually careful over small matters. They rarely forget an injury, but are patient. They are egotistical which is rather a necessity in this life. They are sometimes rather fanatical in religious matters. The type of the philosophic hand is usually deep and secretive. Orientals frequently possess this hand, such as the Hindoo monk, Jesuits, etc.

The Spatulate or Nervous Hand.

The spatulate hand is one the outer phalanges of whose fingers present the appearance of a more or less flattened out spatula, the instrument which chemists use in mortars. Instead of being square at the wrist, as in the case of the square hand, it is usually broad at the wrist or at the base of the fingers. When hard and firm, the spatulate hand indicates a restless and excitable nature; very ambitious to accomplish what they undertake to do, although in many cases, they would lack patience. This is the hand of great navigators, explorers, and discoverers, and also of great mechanics and engineers. As a rule, it is a large hand with fairly long, well developed fingers. It matters not in what grade or position in life, these spatulate hands are born, the owners are bound to strike out for themselves. The best singers, preachers, doctors, lawyers and actors have the spatulate hand. They are largely governed by their own ideas, and at times, might be called fanatics. Idiots have this type of hand, being of a doubtful or suspicious nature. If the hand is soft and flabby, it denotes a very restless, and irritable spirit. In the latter case, the subject will work by fits and starts, but cannot stick to anything long.

The Psychic or Idealistic Hand.

This hand is a very beautiful hand, but is one of the most unfortunate of the five types. It is a long, slender hand, narrow tapering fingers with almond shaped nails. Its appearance shows it to be very weak, and totally incapable of struggling with the stern realities of life. Owners of this type of hand possess a great deal of imagination. They are quiet in manner, gentle in temper, and a great admirer of beauty, shape and form. They are very innocent in appearance, and too easily influenced by others for their own good. They have no ideas of order, discipline or punctuality, and make very poor business people. They are easily imposed upon and easily flattered. They are of a religious nature, and easily attracted by magic and mystery.

The Conic or Artistic Type.

This is a medium-sized hand, the palm slightly tapering. Fingers full at the base, and slightly pointed at the tip. There are many forms of this type, but usually it is found in full, soft hands, pointed fingers and rather long nails. People possessing this type of hand are impulsive, instinctive, love luxury and are much inclined towards indolence. They are clever and quick in thoughts and ideas, but impatient and easily discouraged. They are good talkers, appearing to their best advantage before strangers or in company—caring more for their immediate friends and relatives. They judge their friends quickly by impulse and instinct, using very little reason, however, and are changeable in friendship and affection. They are easily influenced by conditions and surroundings; are quick tempered, but do not hold spite long. They are sympathetic and generous, giving money to any one who would plead poverty to them, whether they were worthy of it or not, although they are inclined to be selfish where their own pleasures or comforts are concerned. They care for money only for what it will buy. At times, they would be very jolly; and then again, very melancholy, going to extremes in both. They rise to the heights of rapture or fall to the depths of despair over trifles.

PRaised for His BLOW AT CANTEENS

COL. SCHADEL'S WAR ON LIQ-
UOR PLEASES PEOPLE.

He Has Received Much Commendation
For Keeping Liquor Out of Camp—
George Kueck Has Had Typhoid
—Beloit Sergeant At Home On
Furlough.

Monroe, Wis., Aug. 19.—Colonel Samuel P. Schadel, who has won popularity with those who are opposed to the sale of liquor in the army by the abolition of the canteen in the First Wisconsin regiment, has received hundreds of letters commending his course. It is the custom to permit the sale of light wines and beer at a tent establishment in each regiment, but Colonel Schadel upon the departure of his men for the front declared that nothing of the kind would be permitted in his regiment.

The colonel met the opposition of all the regimental officers, except his chaplain, Rev. Charles E. Varney, when he first announced his decision, but since then many of the officers have changed their opinions. This conversion has been due to the good behavior of the regiment, which, with the Fifth Iowa, is the only one where liquor is not sold. It is said that the police duty in the camps of these two regiments is much lighter than in any other regiment quartered in Florida.

Colonel Schadel is a native of Pennsylvania, being of Pennsylvania Dutch ancestry, from whom he inherited the firmness of character which has made him resist the importunities of his officers for a canteen. His military experience covered the whole of the last war, in which he served as a private in the Forty-sixth Illinois regiment.

Reports Himself All Right.

George Kueck, son of ex-Alderman and Mrs. O. H. Kueck, of this city, writes home an interesting letter from the camp at Jacksonville, Fla., where he is now stationed as a member of Co. A from this city. He says that he has had a slight touch of the typhoid fever, but that he has not been obliged to take to the hospital. During the short time that he has been ill he managed to lose sixteen pounds of flesh in a few days' time. He reports much sickness in camp. Private Kueck sent home a sample of the hard tack that they now have in that section to eat.

Beloit Soldier on Furlough

R. O. Malpierre, first sergeant of Co. B, Beloit, now stationed at Jacksonville, was in the city this morning on his way south to join his company. He has been home on a twenty day furlough. In speaking of the accommodations at the camp he says the sick boys have the best that could possibly be given them. The hospital, he says, is kept in first class shape and the only thing the boys find fault with there is the messes they receive but they are gradually improving. The Janesville and Beloit boys are stationed but a short distance apart and are daily paying friendly visits back and forth.

Ross King in Good Health.

George E. King, of this city, arrived in Jacksonville, Fla., this morning, for the purpose of caring for his sick brother, Russ E. King, who has been confined to the camp hospital there as the result of fever. A telegram sent from George this morning, states that Private King is all right, and there is no need to worry. If he can make the necessary arrangements he will have his brother accompany him home.

DEFAULTER'S ESTATE SOLD

Property Belonging to Charles A. Norton,
at Avon, Center, Sold

Sheriff Acheson presided at a foreclosure sale at Avon Center today which disposed of the estate there, once owned by the defaulter, Norton, who raised such havoc in that section of the country not many months ago. Today's sale was a foreclosure of liens in the entitled, action of John T. McGrath et al vs. Charles A. Norton and wife Alice L. Norton.

There was a good sized delegation of bidders on hand, many driving in from miles around. Norton, the defaulter, is still missing, and many who became financially interested in him, to the extent of many hundreds of dollars, would be pleased to learn of his whereabouts. The property disposed of today was a store and adjoining lots.

LARGE BANK CLAIM ALLOWED

Miss Crandall Brings An Action Against
Defunct Edgerton Bank

In the circuit court of Rock county today Miss Ada F. Crandall filed a claim amounting in all to \$3341 against the defunct bank of Edgerton. Several witnesses were placed on the stand, and the case having been gone over was allowed the claim in full. Miss Crandall resides at Milton Junction and is well known in this city. Sutherland & Nolan appeared in her behalf.

WILL RECEIVE A SOLDIER'S BURIAL

REMAINS OF HARRY GIFFORD
WILL ARRIVE TOMORROW.

All the Military Organizations in the City Will Take Part in the Ceremonies—Mother of the Deceased Returns Home and Receives Condolences.

The remains of Private Harry Gifford will be interred in Oak Hill cemetery tomorrow with all due military honors. On the 12:40 noon train on the Northwestern road the body is expected to arrive, and will be taken under military escort direct to Oak Hill cemetery, where burial services will be conducted by Rev. J. E. Smith, of the First Methodist church.

Mrs. Gifford, mother of the dead soldier boy, arrived in the city last night on the midnight train. Relatives and loving friends were at the depot to meet her and comfort her in her hour of sorrow.

All the military organizations in the city—the Christ Church Cadets, the G. A. R., and members of the Janesville Light Infantry of former days, will take part in the ceremonies, as will be seen by the following notices.

Janesville Guards Attention.
All former members of Co. A, known as the Janesville Guards are requested to meet at the Armory at 12 o'clock sharp, Saturday, to attend the funeral of the late Harry Gifford.

Christ Church Cadets.
Christ church Cadets will assemble at armory Saturday, at 12 o'clock, sharp, to attend the funeral of the late Harry Gifford.

F. H. KOEHLIN,

ALL comrades and old soldiers will meet at Post Hall at 12:15 o'clock sharp Saturday, to attend the funeral of the late Private Harry Gifford of Company A. O. D. Child, Post Commander.

THE SOLDIER BOYS AT JACKSONVILLE

COL. SCHADEL BELIEVES THEY
WILL SOON SEE CUBA.

Resignation of the Brigade Commander—Condition of the Sick Is Improving—A Large Mail Arrives and Departs Daily—Personal Mention of the Boys and Their Doings.

Camp Cuba Libre, Jacksonville, Fla., Aug. 19.—Sunday evening at the close of the parade roll call the band held a concert in front of the colonel's tent, and during the evening he took occasion to make a speech. He said, among other things, that he had been all through this before, and now, that the war was declared over, he warned us against letting our minds turn homeward too much until we more definitely knew our future. Judging from that speech the colonel is with a good many of us in believing that we shall see Cuba.

Our brigade commander, General Bancroft, has resigned to return to his heavy business interests in the vicinity of Boston. He holds a controlling interest in several street car systems in the east as well as in Boston. His successor, we had hoped, would be Col. Schadel, of ours, but I fear some outsider with a pull will come to us.

At this writing, the condition of the company's sick shows a marked improvement. We are still worried over some of the boys but most of them are getting along very well.

It is wonderful the amount of mail that comes and goes in this company. It would puzzle one to find what could be found of interest to write about daily, as some do. But the fact remains that our mail does not diminish in size, the longer we stay away, showing that we are not forgotten.

Corporal Smith is in charge of the regimental mail this week.

Sergeant Brown and Privates Stewart, Baxter and Duller did not like the surroundings of the hospital at Pablo Beach, so they have returned to us again.

Private Ernest Prues has been discharged from the hospital.

Sergeant Will Schmit returned from Division Hospital today.

Private Dunham, who has been home on a furlough for a few days, returns today leaving his sick sister, for whom he was called, very much better.

Private Morgan, detailed to the band from this company, has been sent to the division hospital with an attack of malaria.

An order comes to us today, to be prepared to hand a final statement and discharge to every man we leave behind. The question is, where?

Jacksonville Fla., Aug. 19.—[Special]—Died, in division hospital, of typhoid-malaria, at 7 o'clock last night, Private William McNeil, aged twenty-two years. He enlisted June 25. His father is William McNeil, of Marshall, Wis.

We would not be quite so busy were it not for the very low prices we are making on choice merchandise at our special sale of summer goods. T. P. Burns.

The Janesville Temple meets tomorrow afternoon at 3:30 in Good Templar hall. A full attendance is desired.

MADE A LONG RIVER TRIP

Roy Sanborn Went Down to St. Louis
In An Open Boat

Roy Sanborn, of this city, is home after enjoying a novel trip into the sunny south. Several days ago Charles Glass, of Minneapolis, started from Madison by boat to make the trip to St. Louis. Being a friend of Mr. Sanborn's he invited the Janesville boy to accompany him and from an Illinois town they made the trip south together as far as St. Louis in an open boat. From there Mr. Glass went to New Orleans by steamer and Mr. Sanborn returned by rail.

The St. Louis Globe-Democrat has this to say of the trip:

Bronzed and burned from constant exposure to the hot sun, Roy A. Sanborn and Charles B. Glass, two young men, students at the University of Wisconsin, and members of the Phi Gamma Delta society, rowed their canoe ashore at the foot of Washington avenue yesterday afternoon at 2 o'clock. They left Madison on Monday, August 1, bound for St. Louis, a distance of about 700 miles, and rowed their 18-foot boat through Catfish Creek, the three lakes, Rock river and the Mississippi to St. Louis. The journey occupied nearly two weeks. The young gentlemen enjoyed their outing very much, and say they are already looking forward to a longer canoe voyage during the next college vacation.

"We enjoyed every hour of our trip," said Mr. Sanborn to a Globe-Democrat reporter last evening. "It was a very cheap one, comparatively, as it did not cost us over \$35. We owned our own canoe, and had to purchase only a sleeping tent, a pot and frying pan and a stock of provisions, consisting principally of canned goods. Coming down Rock river we had fine sport bass fishing, but had no luck in the Mississippi. From 6:30 in the morning until the same hour in the evening we alternated in rowing the boat, each one of us taking two hours at the oars. Every evening we went ashore, put up the tent at suitable spot, and slept until five o'clock the next morning. Then we started a fire, got breakfast, struck camp and resumed our trip down the river. We had splendid weather all the way down, and were compelled to lay in camp only half a day because of rain. We struck watermelons, cantaloupes, peaches and green corn all along the river banks, and lived better than we do in college."

"We never tired of looking at the scenery, and we enjoyed ourselves so much that next year we will make a much longer trip. We had with us Mark Twain's 'Life on the Mississippi' and his 'Adventures of Huckleberry Finn,' but none of Huck's adventures befell us."

WILL KEEP OUT INSURGENTS

No Joint Occupation of Manila Is Contemplated.

ORDER SENT TO GEN. MERRITT

Aguinaldo's Forces Are Not to Be Recognized—Situation Is Identical with That Gen. Shafter Had to Deal with at Santiago.

Washington, Aug. 19.—The war department to day made public the order sent to Gen. Merritt last evening regarding the occupation of the city of Manila by the American forces. The order follows:

"Adjutant General's Office, Washington, Aug. 17, 1898. Maj.-Gen. Merritt, Manila, Philippines.—The president directs that there must be no joint occupation with the insurgents. The United States, in the possession of Manila city, Manila bay and harbor, must preserve the peace and protect persons and property within the territory occupied by the military and naval forces. The insurgents and all others must recognize the military occupation and authority of the United States and the cessation of hostilities proclaimed by the president. Use whatever means in your judgment are necessary to this end. All law-abiding people must be treated alike.

"By order secretary war.

"H. C. CORBIN,

"Adjutant General."

The officials of the department hope there may be no trouble with the insurgent forces in the Philippines, although the dispatches which have been received and published in the press, together with the demands of Aguinaldo for joint occupation, indicated a temper on the part of the insurgent leader which is not satisfactory.

The text of the president's order can not be misunderstood, and the insurgents will be kept out of Manila, and the city, bay and harbor will be held as American possessions. The possibility of an attack on the city by the insurgent forces has been considered, but as the insurgents, with the bay in possession of Admiral Dewey for three months and 10,000 American troops near the city for a month past, were unable to cause the surrender of the city it is not believed they will be very formidable against the forces of Gen. Merritt.

Merritt's Official Report.

Washington, Aug. 19.—The war department has received the following from Gen. Merritt, via Hong Kong:

"On the 13th inst. joined with the navy in attack of Manila, with following result: After about half an hour's accurate shelling of Spanish lines MacArthur's brigade on right, and Greene's on left, under Anderson, made vigorous attack and carried Spanish works. Loss not accurately known; about fifty in all. Behavior of troops, excellent; co-operation of the navy most valuable. Troops advanced rapidly on walled city, upon which white flag was shown and town capitulated.

"Troops occupy Malate, Binondo and the walled city, San Miguel. All important centers protected. Insurgents kept out. No disorder or pillage.

"MERRITT."

FOUR CHILDREN BURNED.

Horrible Fatality Near Stanley, Iowa, Thursday.

Stanley, Ia., Aug. 19.—Four persons lost their lives by fire early Thursday morning on the farm of Peter Foy, three and one-half miles southeast of this place. The dead, all children:

FOY, THOMAS, aged 18.

FOY, LEWIS, aged 16.

FOY, GEORGE, aged 11.

FOY, BLANCHE, aged 9.

During the warm nights the children have slept in the hayloft of the big barn, and last night they retired as usual at an early hour. At 2 o'clock Thursday morning neighbors were awakened by the light of a fire on the Foy place, and hastening to the farm they found the family asleep in the house. The parents were aroused and did all in their power to rescue the children, but to no avail. The origin of the fire is a mystery.

Six horses, a number of cattle, a large quantity of hay and grain, and farm implements were destroyed.

May Use Nonunion Men.

Springfield, Ill., Aug. 19.—No information has been received here concerning the plans of the operators in the Chicago and Alton subdistrict, who were refused a reduced scale by the national commission of the United Mine Workers. It is believed, however, that this subdivision will now join with Pana in endeavoring to operate with nonunion men, and in anticipation of a result of this sort National Vice President Mitchell of Springfield Valley has been summoned here to strengthen the organization in this vicinity.

Expects No Formal Alliance.

Washington, Aug. 19.—Sir William Marriott, for fourteen years a member of the British parliament, has arrived in Washington. He says that it is all nonsense to think that the British people want or expect a formal offensive and defensive alliance with this country.

Warships Ordered Home.

Washington, Aug. 19.—The naval fleet in southern waters is rapidly being moved north and the naval orders issued Thursday show that no less than eighteen warships, mainly of the small auxiliary type, were ordered yesterday from Key West to Fort Monroe.

THE SITUATION IN SANTIAGO.

Something new in the etiquette of captors to captives and vice versa is being developed in Santiago. The American and Spanish soldiers are already on the best of terms. Each recognizes the bravery of the other in battle, and both unite in despising the Cubans. Officers and privates of both sides are fraternizing in the streets of the captured city and are to be seen on every hand swapping yarns and mementos. Many of the officers have exchanged swords as remembrances of the campaign, while Uncle Sam's privates are buying Spanish medals, buttons and parts of uniforms to be carried home as trophies of the war.

DEPAUW LOSES A FORTUNE.

New Albany Man's Assets \$45,000 and Liabilities \$850,000.

New Albany, Ind., Aug. 19.—It took but five years for Charles W. Depauw to lose his portion of the \$10,000,000 estate left by W. C. Depauw ten years ago. Charles Depauw was one of four children. As the eldest son he undertook to carry on the great manufacturing enterprise out of which his father had made a fortune, but things went against him, and in 1893 he made an assignment.

Thursday evening he filed a petition in bankruptcy court, in order to wipe out his last remaining obligations, and his assets are only \$45,000, while his liabilities are \$850,000.

He had settled as many claims as possible under the assignment, but these debts remained. Most of them are held by banks in New Albany, Indianapolis, St. Louis, Chicago, Louisville and other cities. They are chiefly paper indorsed by him as president of the Premier Steel company of Indianapolis, and of the New Albany mill. His indorsements on these enterprises alone amounted to \$1,000,000.

Strike Is About Over.

Oshkosh, Wis., Aug. 19.—The process of settling the woodworkers' strike goes on apace. The plants of the Foster Haffner and the Gould Manufacturing companies resumed operations Thursday with full crews. The Williamson-Libby Company made a verbal agreement which was accepted. A settlement with the Morgan Company was also effected. The other concerns presented propositions which were voted down, but it is believed satisfactory arrangements can be reached before the end of the week.

Wisconsin Republican Ticket.

Milwaukee, Wis., Aug. 19.—Following is the full state ticket selected by the republican convention: Governor, Edward Scofield, Oconto; lieutenant-governor, Jesse Stone, Watertown; secretary of state, William H. Froelich, Hartford; treasurer, J. H. Davidson, Soldiers' Grove; attorney-general, Emmet R. Hicks, Oshkosh; superintendent of public instruction, L. D. Harvey, Milwaukee; railroad commissioner, Graham L. Rice, West Superior; insurance commissioner, Emil Giljohann, Milwaukee.

Star Pointer's Fast Mile.

Joliet, Ill., Aug. 19.—Star Pointer, the grandest king the pacing world ever had, gained new laurels and added fame at Ingalls park Thursday. In a race against time he covered the mile in 1:59½, breaking the former track record by three and one-quarter seconds and coming within one-quarter of a second of his own world's record. In addition to all this the performance constitutes the fastest mile ever paced in the state of Illinois.

Pana Strikers Bound Over.

Pana, Ill., Aug. 20.—At the preliminary trial of James Palmer and Ed Jones, arrested for attempting to murder some miners on the highway near the Springville coal company's mine, last Monday, held in Judge Crosby's court, both waived examination and were held to the grand jury. Judge Crosby placed the bond of Palmer at \$1,500 and that of Jones at \$1,000. The men gave bail.

WILL NOT REDUCE BOND ISSUE

Treasury Official Says People Will Get What They Subscribed for.

New York, Aug. 19.—The Washington correspondent of the Times says: Assistant Secretary of the Treasury Vanderlip, who has been hearing some suggestions on the possibility of limiting the issue of bonds to an amount below \$200,000,000, the full issue authorized, the idea of the suggestors being that the termination of the war removes the necessity for more money than will be provided by the customs and enlarged internal revenue receipts, smiled when he was asked about the probability of such action.

"It is a very pretty suggestion," Mr. Vanderlip said, "but I do not believe it will be adopted. The treasury has already accepted the loan and agreed to furnish the bonds provided for the subscribers. A part of the bonds have been sent out and others will follow. It is true that there will be less pressing need for money, but the close of the war will not remove the necessity for some large expenses already incurred, which must be met, and some expenses will continue for awhile after hostilities are over."

Fairs May Cease in Indiana.

Laporte, Ind., Aug. 19.—The Northwestern Fair association, comprising the agricultural societies in the cities of Bremen, South Bend, Valparaiso, Plymouth, Laporte and Crown Point, is on the verge of disruption. Lack of interest in the exhibitions has materially decreased the number of exhibitors and consequently the attendance, but Laporte and Lake counties' societies will hold fairs this year. Should the fairs prove as unsuccessful as those held in the last few years it will cause the collapse of the association and the passing of the county fairs in all the counties of northern Indiana.

Overtures Made by Spaniards.

London, Aug. 19.—The Morning Post, commenting editorially upon the interpretation which Senor Silvela, leader of the Spanish dissident conservatives, places upon the word "control," in article 3 of the protocol, as signifying "intervention similar to Great Britain's occupation of Egypt," says: "This suggestion of El Tiempo amounts to an offer of an alliance between the Spanish conservative party and the Washington cabinet with a view to the future administration of the Philippines."

Senator Daniel Pleased.

Washington, Aug. 19.—Senator Daniel of Virginia last night discussed the war situation with animation, expressing the greatest satisfaction at the exploits of the army and navy. He was

particularly gratified because General Wheeler and General Butler, two well-known confederates, had been afforded an opportunity to show to how full an extent the animosities of the civil war had been obliterated.

Severe Storm in England.

London, Aug. 19.—There were severe thunderstorms Thursday in various parts of England, with torrential rains and hail. In the low-lying districts many houses were flooded, and there was considerable damage done to crops. The district of Carmarthenshire, Wales, was swept by a tornado this morning. Great damage was done, traffic was paralyzed and the people were panic stricken.

Predict Trouble in Cuba.

London, Aug. 19.—Havana correspondents of the Times predict that no matter whether independence or annexation is arranged for, there is no chance for peace in Cuba for years to come, because the Cubans, disappointed in their efforts to obtain spoils, will probably continue their rebellion and brigandage.

For Richland Bank Robbery.

Niles, Mich., Aug. 19.—Michigan police authorities have arrested Joe Gregory of Jackson and Dick Dolan of Battle Creek on suspicion of robbing the Richland bank. An officer has also gone to Elyria, O., to bring back Chas. Lowry, who is suspected on having a hand in the robbery.

Cassini to Go to London.

London, Aug. 19.—M. de Staale, the Russian ambassador to Great Britain, according to a special dispatch from St. Petersburg, will shortly retire from London and be succeeded by Count Cassini, Russian ambassador to the United States.

Naming of Hay Important.

Berlin, Aug. 19.—The Hamburgische regards the appointment of Col. Hay to the post of secretary of state of the United States as of far-reaching importance, indicating the solidarity of the Anglo-American understanding and co-operation in far Eastern affairs.

THE KILLED BEFORE MANILA.

Six Lives Lost in the Closing Battle.

LIST OF THE FALLEN HEROES.

Gen. Merritt is preparing a Proclamation to be issued to the People of the Philippines—Civil and Military Laws Will be Enforced.

Manila, Aug. 14 (via Hongkong, Aug. 19).—These American soldiers were killed in the attack on Malate, which resulted in the surrender of Manila yesterday:

SERGEANT GRIMMINS, Astor battery.
SERGEANT HOMES, Astor battery.
PRIVATE PHOENIX, 1st Colorado.
PRIVATE JOHN DUNSMORE, 1st Colorado.
PRIVATE AUGUST THOLLEN, 23d Infantry.
PRIVATE ARCHIE PATTERSON, 13th Minnesota.

These were among the wounded:
Astor battery—
SERGEANT STILLMAN.
SERGEANTS VAN HORN, DUNN, SEYMOUR, BENTLEY, VAN PELT, HAYDEN, BAKER.

Thirteenth Minnesota—
CAPT. OSCAR SEEBACK, seriously.
CAPT. BJORNSTAD, seriously.
LIEUT. BUNKER.
SERGEANT BURNSON, seriously.
SERGEANT CARLTON.
CORPORAL WILLIAMS.
PRIVATES WALLACE, THORSELL, RITTLE, GILMORE, RICE, BORROWMAN, KENNY, ULMAR.

The condition of Privates Rice and Ulmar is serious. There are some missing.

Gen. Merritt is now preparing a proclamation to be issued to the people of the Philippines in his capacity as military governor. He is still debating some points in the proclamation. When completed it will be printed in Spanish and posted conspicuously throughout the city. Gen. Merritt will say in it that war has existed between Spain and the United States since April and during that time the Americans have destroyed the Spanish naval squadron in the Philippines and taken the city of Manila. The United States has sent an army of occupation to hold the island of Luzon. The commander has instructions to say that there is no intention to wage war on the people, but, on the contrary, they will be protected in all their personal and religious rights. There will be a military occupation, but for the present the existing laws will continue to be operative, save where they conflict with the military laws, and they will be administered by the ordinary civil officers if they accept the authority of the United States.

Gen. Merritt announces as his scheme for government that a provost marshal will be appointed for Manila and the outlying districts, with sub-provosts, who will operate under the military and civil laws. All ports held by the United States will be open to neutral governments for purposes of trade on payment of the prescribed duties. The churches will be rigorously protected and also public property and works of art. The people will not be interfered with so long as they preserve the peace.

INCLUDES THE ARCHIPELAGO.

Terms of Capitulation between Merritt and Jaudenes.

London, Aug. 19.—The Hongkong correspondent of the Daily Mail says: "The terms of the capitulation of Manila as agreed upon Saturday between Gen. Jaudenes and Gen. Merritt include the cession of the Philippine archipelago to the United States."

"An American naval officer who arrived from Manila on the Zafro tells me that the Americans practically walked into Manila. The operations, he says, were confined to the Malate side of the city, where the Spaniards had a fort and two lines of trenches. The troops waded through the Malate river and walked up the beach as though going to lunch, meeting practically no opposition."

A RIVAL TO HONGKONG.

Soleil Says Americans Will Quadruple Value of Philippines.

Paris, Aug. 19.—The Soleil, in an article on America in the far east, says that the Americans will quadruple the value of the Philippines, and Manila will rival Hongkong. The installations of the Americans at Manila will give them a preponderating situation in Chinese waters, because a line from San Francisco would be incomparably superior to the lines from Liverpool to Singapore. The paper adds that there is no market than Americans desire more eagerly than that of China. They have been forestalled there by the other powers, but they will assuredly overtake their rivals by the rapidity of their progress.

TO WELCOME NAVAL HEROES.

New York's Proposed Demonstration Takes Definite Shape.

New York, Aug. 19.—New York is waiting with open arms the arrival of the battle-scarred warships from Cuba. Official plans for a great demonstration of welcome Saturday by the city of New York to the victorious American fleet have taken definite shape. There will be a general suspension of business in the city Saturday, and the

houses and shops will be decorated with flags and bunting.

Messages were sent to President McKinley and Gov. Black, inviting them to come and be the guests of the city at the time of the demonstration. A message was also sent to the secretary of the navy requesting that Mayor Van Wyck and committee of arrangements be permitted to meet the fleet off Tompkinsville, Staten Island, at 10 a. m. Saturday, and present to Rear-Admirals Sampson and Schley an address of welcome to the city.

WHY AUGUST 1 TOOK FLIGHT.

Spanish Cabinet Feared He Might Surrender Too Much.

London, Aug. 19.—The correspondent of the Times in Madrid sends a strikingly candid and damaging explanation of Capt.-Gen. Augusti's sudden departure from Manila.

He was not only the commander of the Spanish forces around Manila, but was also governor of the Philippines. It was feared that if the capitulation was signed by him it might be taken by the Americans to include the entire territory under his jurisdiction.

To avoid this it was decided on July 27 to restrict the area of his authority and transfer a portion of it to the governor of the Visayas. Gen. Augusti's departure from Manila was probably an additional precaution.

Berlin, Aug. 19.—A high officer of the German foreign office confirms the statement that Admiral Dewey gave his consent to Capt.-Gen. Augusti's passage on board the German warship. Madrid, Aug. 19.—Gen. Correa, minister of war, states that Gen. Augusti was relieved of his command in the Philippines on Aug. 5. The fact was not gazetted, in order to prevent the Americans from benefiting from it. Gen. Correa denies that personal differences between himself and Gen. Augusti were the causes of the latter being relieved.

LEE GOING TO CUBA.

Will Command Army of Occupation in Western Province.

Washington, Aug. 19.—It was decided at the war office Thursday to send Gen. Fitzhugh Lee to western Cuba in command of the army of occupation. He will take his present command, the Seventh army corps, enlarged, probably, to a strength of 30,000. He may not go until fall and he may start within thirty days.

Gen. Lee fears an outbreak on the part of the Spanish in the way of a murderous attack on Cubans. President McKinley is also somewhat apprehensive of possible danger in this respect. Lee will have his corps at nearly ready to move on a day's notice as is possible.

Eight Deaths at Jacksonville.

Jacksonville, Fla., Aug. 19.—The sickness in camp is becoming alarmingly distressing, there being about 300 cases in the division hospital daily, and for the last several days quite a number of deaths have occurred every twenty-four hours. The deaths are principally confined to the First Wisconsin regiment. These deaths occurred Thursday: Claude Milward, company G, First Wisconsin; Robert B. Young, company B, Second New Jersey; T. R. Preston, company C, Fourth Illinois; William H. Sandlin, company B, Second Mississippi; Appleton Taft, company H, First Wisconsin; Henry Newman, company L, Second New Jersey; Thomas Shine, company H, First South Carolina, and Charles Evensen, company F, First Wisconsin, all from typhoid fever.

Hope to Keep Philippines.

Paris, Aug. 19.—A dispatch to the Temps from Madrid says that little importance is attached to the Chauvinist demonstrations in the United States in regard to the Philippines, for it is thought that the joint commission will have complete liberty to settle all sides of the question, which will assume serious international character if the United States should claim a preponderating influence in the control of the Spanish archipelago in Oceania.

France Should be Discreet.

Paris, Aug. 19.—The Temps, in an article on the peace negotiations between Spain and the United States, says that America will not stand intervention. It is not to France's interest gratuitously to compromise herself with a country called to play a much more active part than heretofore in great international affairs. She has all the less reason to go beyond her sphere, as she has little to expect from the eventual gratitude of Spain.

Germans Help Spaniards.

Singapore, Aug. 19.—A German cruiser has been carrying dispatches from the captain-general of the Vizcayas to the district between Cebu and Ilangan and to the Spanish military depot in Mindanao Maritima. The steamer Rosario, flying the German flag, is also transporting troops thence to Iloilo. After the insurgents took the island of Asbate they forbade the German steamer Clara to enter any of the ports.

Commissioners Are Chosen.

Madrid, Aug. 19.—Prime Minister Sagasta has informed the queen regent and the council of the names of the men who have been selected to represent Spain on the peace commission. He remarked, however, that no definite appointment would be made until the names of the American commissioners were known.

MASSACRE IS CONFIRMED.

Spanish Soldiers Slay Natives in Porto Rico.

OUR TROOPS IN GOOD HEALTH.

Effective Sanitary Measures Have Greatly Reduced the Percentage of Sickness—Rainy Season Would Have Retarded a Forward Movement.

Ponce, Porto Rico, Aug. 17.—(Delayed in Transmission.)—Reports are coming in from all directions of outrages committed within the Spanish lines. Doubtless many of these are exaggerated, but the rumors of a massacre at Ciales are confirmed.

Some of the natives there took refuge in the belfry of the cathedral and fired on the Spanish troops, but they were overpowered and macheted to the number of eight.

Battery N of the Seventh Regiment, under Capt. McComb, was unable to proceed along the mountain trail with Gen. Henry, and, having lost a gun and six horses over a precipice, returned here.

The health of the troops is steadily improving. The typhoid fever brought from Camp Alger and Camp Chickamauga is of a mild type and is fast disappearing. Strict sanitation is being forced, with the gratifying result that sickness has decreased from 10 to 3 per cent. Today's reports show only 440 sick in hospital quarters out of a total command of 15,000. Most of these cases are climatic complaints. The army is being re-vaccinated, as there is a smallpox epidemic in some portions of the island.

The auxiliary cruiser Prairie, formerly the El Sol, left today for Santiago to take troops to Montauk Point. Gen. Miles has postponed his visit to the front on account of the rains. The wet season has set in and there will be rain daily until the end of October.

BASEBALL REPORT.

Games Played Yesterday in the Various Leagues.

Chicago ended the disastrous eastern trip by receiving a coat of whitewash. Ewing's Reds lost their third to New York and now must engage the triumphant Hubbers on their own grounds. Cleveland turned the tables on Brooklyn, Baltimore beat Louisville, Philadelphia trimmed the pirates and the buffeted Browns bowed again to the Senators. Scores:

At Boston—Boston, 10; Chicago, 0.

At New York—New York, 7; Cincinnati, 0.

At Brooklyn—Cleveland, 2; Brooklyn, 0.

At Baltimore—Baltimore, 9; Louisville, 6.

At Philadelphia—Philadelphia, 8; Pittsburgh, 4.

At Washington—Washington, 6; St. Louis, 3.

Games to-day: Cleveland at New York, Pittsburgh at Washington, Cincinnati at Boston, Louisville at Philadelphia, St. Louis at Baltimore.

Western League.

At Indianapolis—Indianapolis, 2; Kansas City, 1.

At Columbus—Columbus, 12; Minneapolis, 7.

At Milwaukee—Milwaukee, 7; St. Joseph, 2.

Deaths at Santiago.

Washington, Aug. 19.—The war department received the following telegram last night:

"Santiago de Cuba (via Haiti, Aug. 18, 1898).—Adjutant General of the Army, Washington: Sanitary report for Aug. 17—Total number sick, 1,639; total number new cases, 101; total number fever cases, 1,246; total number fever cases returned to duty, 202."

Must Arrange Evacuation.

London, Aug. 19.—A dispatch to the Daily News from Madrid says that the Spanish evacuation commissioners for Cuba will be Gen. Blanco, Castellanos, and Leon and Admiral Manterola, and for Porto Rico Gen. Macias, Ortega, and Villalino.

Decide to Consolidate.

New York, Aug. 19.—It was announced here Thursday that the directors of the Minnesota Iron Company and the Illinois Steel Company had unanimously agreed to consolidate the interests of the companies.

Anxiety Concerning the Pope.

Rome, Aug. 19.—Rumors are in circulation that the pope has suffered a further relapse. Dr. Lippini, his holiness' physician, denies the report, but anxiety prevails.

Referee John Duffy Is Dead.

New Orleans, Aug. 19.—Prof. John H. Duffy, one of the best known prize ring referees in the country, and who figured in many championship contests, died Thursday afternoon.
